

PACIFIC SOUTHWEST CENTER OF
EXCELLENCE IN
VECTOR-BORNE DISEASES

We're hiring a summer intern!

Intern with us this summer at Consolidated Mosquito Abatement District in Parlier, California, where you'll gain hands-on biological field and laboratory experience, including mosquito surveillance and identification. Your paid summer experience will culminate in a presentation at a state or regional vector control meeting in 2026. You'll also join a network of trainees in the region to continue building your skills and network, which could lead to potential future career opportunities.

Qualifications:

- ▶ Undergraduate at 2- or 4-year institution
- ▶ At least one course in biology
- ▶ Strong interest in biology and willingness to learn
- ▶ Valid drivers license
- ▶ Ability to work in the United States

APPLICATION DEADLINE:

OPEN UNTIL FILLED

INTERNSHIP DATES:

JUNE-SEPTEMBER

LOCATION:

PARLIER, CA

PAY:

\$20/HR , 20-40 HRS/WEEK
