

Sacramento-Yolo
MOSQUITO & VECTOR
CONTROL DISTRICT

PACIFIC SOUTHWEST CENTER OF
EXCELLENCE IN
VECTOR-BORNE DISEASES

We're hiring a summer intern!

Intern with us this summer at Sacramento-Yolo Mosquito and Vector Control District in Elk Grove, California! You'll gain hands-on biological field and laboratory experience, including mosquito surveillance and identification, and conduct an applied research project. Your paid summer experience will culminate in a presentation at a state or regional vector control meeting in 2026. You'll also join a network of trainees in the region to continue building your skills and network, which could lead to potential future career opportunities!

Qualifications:

- ▶ Undergraduate student or recent graduate (2- or 4-year institution)
- ▶ At least one course in biology
- ▶ Strong interest in biology and willingness to learn
- ▶ Valid drivers license and ability to lift 50 pounds
- ▶ Ability to work in the United States

APPLICATION DEADLINE:

OPEN UNTIL FILLED

INTERNSHIP DATES:

ASAP - SEPTEMBER

LOCATION:

ELK GROVE, CA

PAY:

\$20-22/HR, 40 HRS/WEEK

HOW TO APPLY:

Complete the application form for Seasonal Helper - Field and list "Intern" in the email subject line and on your application materials:
