[@vectorbornediseasecoes](https://www.facebook.com/vectorbornediseasecoes)

[@PacVec Center of Excellence](https://www.youtube.com/PacVecCenterofExcellence)

**Anna Blankenship-Cutshall**  
*University of the Pacific*

"Knockdown Resistance in California's Mosquitoes"

**April 29**

TBD

**Mackenna Berg**  
*Arizona State University*

"Determining Insecticide Resistance in *Culex tarsalis*:  
Phenotypic, Genotypic, and Enzymatic Profiles from Arizona"

**May 13**

**Michael Riehle**  
*University of Arizona*

"Age-grading techniques for the mosquito *Aedes aegypti*"

**Mahmood Nikbakhtzadeh**  
*CSU San Bernardino*

"Summer Training in Vector & Vector-borne Diseases"

**May 27**

**Talia Wong**  
*UC Davis*

"Fine scale spatial modeling of WNV risk for vector control  
trial design and implementation"

**Gaëlle Sehi**  
*UC Irvine*

"Mapping Mosquitoes: How Data and Models Help Us  
Understand Vector Risk"

**June 10**

**Geoffrey Attardo**  
*UC Davis*

"TBD"
